

Introduction

ABOUT THE MODEL ACOP

HOW TO USE THE MODEL ACOP

The model ACOP includes recommended language for each area in which the PHA has discretion or flexibility to adopt its own policies. To make the editing process easier, the model ACOP contains only **one version** of each policy – generally HUD’s safe harbor policy or the policy that seems to be common to most PHAs. *This means that if the model policy language works for your PHA, no cutting and pasting is required.*

HUD regulations and other requirements are described in detail in the model ACOP with appropriate citations. They are also summarized in the policy guide as needed to assist in making decisions.

The Policy Guide and Instructions

The policy guide is a decision-making tool for PHA policy makers. You can use the guide as a checklist for evaluating your compliance with HUD requirements and for making decisions about local policies. PHA decision points are identified throughout this document with this symbol:

The policy guide provides recommended language and policy options and explains why the recommended language is used in the model ACOP.

- If you decide to adopt an alternative policy, you may edit or delete the NMA-provided language in the model ACOP, cut and paste another option from the policy guide, or develop and type in your own wording.

Before starting work on the revision, print out the Acrobat PDF files of the model ACOP pages and policy guide for each chapter. Read through the model policy and review the decision points in the policy guide to determine if you want to make any changes to the model ACOP. After you have edited the model ACOP, print out the revised chapter to update your hard copy and, and edit the table of contents (TOC) file if necessary to update the TOC for your ACOP.

Working with the Computer Files

On your hard drive or network drive, set up a *subdirectory* (such as ACOPrev) for the ACOP revision in your ACOP or other directory in which you keep your documents. Copy the files for the policy document and the guide chapters from the CD-ROM into that directory and use them as your working files. Store your CD-ROM in a safe place.

ABOUT THE MODEL ACOP AND THE PUBLIC HOUSING LEASE

PHA policy must be consistent with the public housing lease and any policy documents provided to tenants, and the lease and policy documents must comply with federal and state law.

The model ACOP contains policies that reflect the terms of your public housing lease. Policies on a particular topic may be included in the public housing lease, or may be a separate document incorporated in the lease by reference, such as a pet policy or transfer policy.

Because of variations in state and local landlord-tenant law, and because HUD affords PHAs wide discretion in some areas, a broad range of policies could be acceptable. Only a few of these compliant policies can be listed in the model ACOP.

If you are assured that your current board-approved public housing lease or separate policy document is up-to-date and is compliant with HUD requirements and with federal, state, and local laws, then it is neither necessary nor advisable to revise the terms of your lease or policy document to match default policies in the model ACOP. Instead, you should edit the model ACOP to match the terms of your existing public housing lease.

REFERENCES CITED IN THE MODEL ACOP

Authority for PHA policies is derived from many sources. Primary among these sources are regulations and guidance issued by HUD. State law also directs PHA policy. State law must be followed where such law exists and does not conflict with federal regulations. In the absence of legal requirements or HUD guidance, industry practice may lead to PHA policy. Finally, the public housing lease will affect PHA policy and therefore must be consistent with federal and state laws and regulations.

HUD

HUD provides the primary source of PHA policy through federal regulations, HUD Notices and handbooks. Compliance with federal regulations, current HUD Notices and HUD handbooks is mandatory.

HUD provides nonmandatory guidance to PHAs through HUD published guidebooks. Expired HUD Notices and handbooks also provide guidance for PHA policy. Following HUD guidance is optional, as long as PHA policies comply with federal law, federal regulations and mandatory policy. Because HUD has already determined that the guidance it provides is consistent with mandatory policies, PHA reliance on HUD guidance provides the PHA with a “safe harbor.”

Content contained on the HUD website can provide further clarification of HUD policies. For example, FAQs on the HUD website can provide direction on the application of federal regulations to a specific pattern.

State Law

Where there is no mandatory federal guidance, PHAs must comply with state law, if it exists. Where state law is more restrictive than federal law, but does not conflict with it, the PHA should follow the state law.

Industry Practice

Where no law or HUD authority exists on a particular subject, industry practice may support PHA policy. An industry practice is a way of doing things that is followed by most housing authorities.
